Amount Released by Nabard to Maharashtra

4407. SHRI V. N. GADGIL : Will the Minister of FINANCE be pleased to state :

(a) whether the Maharashtra Government has made any representation regarding release of the balance amount of Rs. 75 crore due from NABARD under Maharashtra Agriculture and Rural Debt Relief Scheme ;

(b) whether the delay in releasing the amount has already caused a loss on account of interest to the extent of Rs. 11 crores upto March, 1994 and Rs. 19.75 crores in 1992-93, to the Government of Maharashtra ; and

(c) whether the Government of India would compensate the Government of Maharashtra for the said loss ?

THE MINISTER OF STATE IN THE MINISTRY OF FINANCE (SHRI M. V. CHANDRASHEKHAR MURTHY) : (a) to (c) Government of Maharashtra has been making representations for release of balance amount due under Agriculture and Rural Debt Relief (ARDR) Scheme, 1990. National Bank for Agriculture and Rural Development (NABARD), which has been entrusted with the responsibility for implementation and reimbursement of claims under the Scheme, has reported that, as against the total claims of Rs. 488.94 crores lodged by the Maharashtra State Cooperative Bank (MSCB) and Maharashtra State Land Development Bank (MSLDB) for reimbursement against the loans written off by them, they have been reimbursed a sum of Rs. 222.06 crores by way of grant from Central Government and an equal amount by way of loans to them aggregating to Rs. 244.12 crores. Thus, the balance to be reimbursed comes to Rs. 22.41 crores by way of grant and Rs. 22.41 crores by way of loans. The release of balance amount will be considered by NABARD only after receipt of final/ revised claims from MSCB and MSLDB duly complying with the instructions of NABARD for excluding ineligible claims and penal and compound interest. Such revised statements have not yet been received from them by NABARD. Since the Scheme is a participative programme with the State Governments and they have not yet submitted revised claims, the insistence of payment towards interest loss is not sustainable.
